

# Nevil Chaudhari

Aspiring Software Engineer | Flutter Developer | Problem Solver

I'm a Computer Engineering student who loves turning ideas into apps people actually enjoy using. I've built a secure client-freelancer platform with real-time chat, offline-first data, and a clean UI — all from scratch. Always curious, always building, and always looking for the next big challenge.

## SKILLS

Languages: Dart (Flutter),  
JavaScript, C++, C#, HTML,  
CSS

Frameworks & Tools:  
Flutter, Supabase, Firebase,  
Hive DB

Specialties: Offline-first app  
development, responsive  
design, real-time  
communication, UI/UX  
optimization

Soft Skills: Problem-solving,  
teamwork, adaptability,  
continuous learning

## LANGUAGES

English  
Full Professional Proficiency

Hindi  
Full Professional Proficiency

Gujarati  
Native or Bilingual Proficiency

## INTERESTS

App development & UI/UX  
design

Entrepreneurship & startup  
building

Anime, tech innovations,  
and gaming

## EDUCATION

Collage  
LDRP-ITR

04/2024 - 05/2028

Gandhinagar, Gujarat, India

## EXPERIENCE

### Freelance Developer

Built small-scale Flutter apps for practice and client demos.

### Team Projects

Collaborated with peers on engineering coursework and open-source contributions.

## PERSONAL PROJECTS

### Client-Freelancer Platform (02/2025)

- ❑ Built a secure platform for connecting clients with freelancers.
- ❑ Implemented **real-time messaging** with Supabase and **offline-first data handling** using Hive.
- ❑ Designed intuitive UI with light/dark themes.
- ❑ Integrated escrow payment workflow for trust and safety.

## ACHIEVEMENTS

Developed and published multiple personal projects on GitHub.

Built scalable app architecture from scratch as a solo developer.

Self-taught advanced Flutter concepts outside curriculum.
